The Cogeco Fund announced in March 2009 the expansion of its financial support to independent Canadian producers to include a new program for the pre-development of series, mini-series and movies-of-the-week without a broadcaster commitment. In May, another program was launched to support the production of dramatic television series. These two new initiatives have been very successful and welcomed by the industry. For details, please consult www.ipf.ca.

The Cogeco Program Development Fund is the only Canadian private Fund mandated to support the development of dramatic series, MOW's and mini-series for television as well as theatrical feature film corporate development, and the production of MOW's, mini-series, series and pilots for series.

Upcoming application deadlines:

Production: July 1

Development: October 1

Theatrical Feature Film Development Funding: July 1
